TAVISTOCK NEWS!!!!

Vol. 1 - No. 1

January 27, 1921

This publication is an effort to acquaint the members of the Tavistock Country Club with "WHAT'S DOING". DO YOU WANT IT? If not say so to the "EDITOR" and he MAY tell you what HE THINKS, but whatever you do — DON'T KNOCK. Criticize this sheet to your heart's content, and tell it to the EDITOR, he appreciates honest criticism. Give us news too. We do not care if it is relevant or not. If it bears on the activities of the Club, on any member's relationship with the club, let us have it. We will turn on the "SPOTLIGHT" of pitiless publicity if you want it. So here goes:

Contributions to date total Sixteen Thousand Dollars. That's going good considering that no active campaign has been made as yet to secure subscriptions.

The Board of Governors met on January 21st and elected the following members:

F. Morse Archer
Elias Davis

James Scott
Volney Bennett

Geo. Pelouze
H. E. Rogers

Ludwig Kind
Frank Himeline
W. C. Farrow

C. P. Morris
S. C. Childs
J. Y. Floyd
B. R. Kraft

E. C. Ridgway
R. W. Lippincott
J. R. Hodgson

Consider this as your notice that you have been elected. The Board on the same date decided to ask for the first installment of 20% of the amount subscribed. This is your notice on that too. Send a check for one-fifth of what you have subscribed to George H. Hall, Treasurer. Frank Middleton has spent a lot of money to date and there is more to be spent, and it is not fair that he should continue to put it all up out of his own pocket, so get your checks to "BABE" without delay.

The membership committee have the following applications:

A. L. Wurster, Haddon Heights, N.J.

John J. Mahoney, Haddon Heights, N.J.

The membership committee will endeavor to keep the members notified from time to time of the applicants for membership. If there is any objection to any applicant, tell the chairman of the membership committee who is, J. EDWARD FAGEN, or write to him. Don't put off, the man might be elected while you are thinking about it, although the membership committee intends to act slowly and deliberately.

Have you seen the course lately? Better go out and look it over. "FORT MIDDLETON", which is in other words the 18th green, looks very "spiffy". It is worth the trip out there alone.

Sometime the editor is going to give you a description of the course, but an invitation to look at the course for the present is "ENOUGH".

There are two members that were appointed on the "Finance Committee" who have not as yet signed up applications. Did we make a mistake - or - are these men LOST! STRAYED! OR

STOLEN!? If any one sees Tom Hopkins or Gene Barnes, tell them they were supposed to be members of this club and are on the "Finance Committee", but their applications for membership and signed subscriptions are missing.

This publication may get so great that the editor may have to call for HELP!!! But in our membership is the best little volunteer editor you ever saw. Step to the front "Ludwig" and offer us your services if we need them.

J. Edward Fagen,
Editor.
